

DURACK OCCUPATIONAL MEDICINE

DURACK OCCUPATIONAL MEDICINE

The Beginning

Dr Doug Morison

Dr Doug Morison undertook his basic and advanced medical training in the beautiful south-west of England, before fulfilling a childhood dream of moving to Australia after becoming a GP and working for several years in the UK.

He arrived here in Brisbane in 2015 and immediately felt like it was home. Initially working as a GP he took an interest in Occupational Medicine and over the course of the last eight years has built and led the Durack Occupational Medicine team.

He has achieved further training and qualifications in Occupational Medicine, which is now his main focus.

He still does some general GP work to keep his skills up, but his passion is OccMed and especially now, in Mining related medicine. He is an AMA and very proud to provide an end-to-end service that is second to none.

Who we are

Durack Occupational Medicine is a medical service providing a wide range of high quality workplace and pre-employment medicals across a wide range of industries. We are conveniently located in South-West Brisbane at the crossroads of several main arterial road networks.

We pride ourselves in a swift and excellent service, with quality, safety and great communication at our heart.

What do we do?

- Pre-employment medicals across all industries.
- QLD CMWHS (including AMA service)
- We are an accredited Spirometry practice.
- QLD Respiratory Health Surveillance MMQ.
- NSW Order 43 coal services.
- Transport and Heavy haulage.
- AHP Rail medicals
- DAME for Aviation medicals
- Q fever
- And more!

Testimonial

"Dr Morison and the staff at Durack Occupational Medicine have been the most caring and helpful medical team our company have used. Our company has been working with Durack for around 10 months as we needed extra support with having Q fever vaccinations and extra medical onboarding done as a part of our internal recruitment process. The Durack team went above and beyond to ensure that we had smooth processes and took the extra steps necessary to ensure that we had the right administration support to take the stress off our business. We would make bookings of up to 30 patients in one day, nothing we have ever asked for has been too hard and the support they give to our business never goes unnoticed. The whole team at Durack are second to none. I would highly recommend the Durack medical centre to any business that has any medical requirements."

- Kandi Durance, Talent acquisition lead, JBS Dinmore

Did you know

Dr Morison is our lead Doctor and a qualified A...
He is building relationships with some of the best Mining companies in Australia.

So, what do we do differently?

- Most medicals can be booked and seen within 72 hours.
- Convenience - we carry out all aspects of the medical from Examination, audio, spirometry to functional under one roof, clients and workers alike find this very smooth. (The only short trip is to X-ray which is 5 minutes away by car).
- Communication is paramount to us, we will always keep you updated on the status of any medicals outstanding and our staff will never keep you waiting.
- Our turnaround times are fast.
- Our prices are extremely competitive.
- We focus on high quality and always have safety in mind.
- Highly experienced staff from reception through to the Doctors led by Dr Doug Morison.
- Drug and alcohol testing

Testimonial

"My company has utilised the services of Dr Doug and his team at Durack Occupational Medicine for over 10 years. In the field of Oc Medicine, Dr Doug not only knows his stuff, he supports our team with great service and a willingness to support our growing demands. Highly recommend"

- *Gavin Dunwoodie, CEO, Products For Industry*

Testimonial

"At Durack Occupational Medicine, booking appointments is a breeze! Their exceptional customer service and swift booking times made organizing our employees and mining medicals a seamless experience from start to finish. Highly recommended!"

Dr Doug went above and beyond to understand our business and have provided us with tailored medical service to meet our needs. Dr Doug's knowledge and level of communication make him a valuable asset to our health and safety strategy. He is always available to talk through any medical result or workplace injury.

I cannot recommend Dr Doug and his team at Durack Occupational Medicine high enough!"

- Lindsay Australia, ASX company
