After over two decades of development, Sinodrills has evolved into a professional rock drilling tool supplier integrating research and development, production, and sales. Sinodrills owns two production enterprises: Wuxue Zhong'e Machinery Equipment Co., Ltd. and Wuxue Xinchuan New Materials Co., Ltd., among which Wuxue Xinchuan New Materials Co., Ltd. is a national high-tech certified enterprise. Sinodrills is committed to providing a one-stop solution for rock drilling tools, with its products covering 4 series: top-hammer drilling tools, down-the-hole (DTH) drilling tools, geotechnical drilling tools, and rotary drilling tools.

Sinodrills strictly adheres to the ISO9001 international quality management system and consistently upholds the principle of integrity in business operations. Since 2016, it has been recognised as a 3A enterprise by the internationally renowned credit rating agency Dun & Bradstreet. Sinodrills places innovation at the core of its business, continuously improving product quality to create more value for

customers. By the end of 2023, Sinodrills had obtained more than 20 patents and has been increasing its R&D investment year by year. Since its establishment, Sinodrills has been focusing on the mid-to-high-end international markets. By the end of 2023, its products had been exported to 110 countries and regions around the world, with its export volume in 2023 ranking first in China (certified by Euromonitor International in March 2024). As of August 2024, Sinodrills, as the leading brand of rock drilling tools in China, has been registered in 120 countries or regions worldwide.
